### DETAILED ACTION

1. The reply filed on 1/18/2005 is not fully responsive to the prior Office Action because: applicant failed to address and/or properly response to the office action mailed 7/16/2004 and 9/15/2004, since claims 6, 7 and 9-12 were restricted under 35 USC 121 as drawn to a tool attachable to a controller, classified in class 700, subclass 160 and the applicant withdrew claim 6 with other 7, 9-12 without traverse from further consideration in response filed on 8/12/2004. The restriction requirement as set forth in office action filed on 7/16/2004 to claim 6, still applies; therefore, it is not appropriate to reintroduced claim 6. The applicant is requested to review all claims and make appropriate correction and cancel all withdrawn claims from further consideration. Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

2. The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.
